Update from Kirkbrae Country Club—Media/Video Availability to be announced in the near future

LINCOLN – Kirkbrae Country Club is proud to announce that the club’s banquet rooms have been restored from the fire damage incurred on May 22nd of this year and will begin hosting large-scale indoor events this week.

“The reconstruction efforts have been a seven day a week endeavor for the past four-plus months and we are happy to say that we met our target reopening date of October 1st,” said Kirkbrae COO Mike Bradshaw. “We are extremely grateful for the efforts of all who were all so instrumental in meeting this deadline. If you think back to May, many thought we would not be able to be open this soon, but with the collective work of our amazing professional partners we are able to reopen the ballrooms today. We look forward to once again welcoming our corporate, social and wedding clients as they join us in the coming days and months to once again spend their most special of days here at the club.”

Amongst the key companies contributing to our speedy recovery are GenServ Construction, GEM Plumbing & Heating, Eastland Electric, PRIME Restoration & Remediation, Hill Electrical Services, Santoro Oil and Wonderwall Construction. The Board of Governors and entire Kirkbrae membership are grateful for the speed and quality of their work.

The club will be hosting a media availability later in the Fall, with further details forthcoming for when media will be invited to tour and video the facility.

Check our [FACEBOOK](#) & [INSTAGRAM](#) for more details on recently hosted events

Established in 1961, Kirkbrae’s current clubhouse was built in 2000, then renovated in 2008 and again 2020. The club is open year-round and operates seven days a week. Kirkbrae is dedicated to its tradition as one of the finest private country clubs in New England and will continue as a premier choice for weddings, corporate events and golf outings.
